As with 'Emotional Creatures', Steve has assembled an amazing list of accomplished and well know musicians to enhance his songs, including Pete Trewavas (Marillion / Transatlantic / Kino), Nick D'virgilio (Spocks Beard / Genesis), Gavin Harrison (Renaissance / Porcupine Tree / King Crimson), Tony Levin (King Crimson / Peter Gabriel / Liquid Tension Experiment), John Giblin (Peter Gabriel / Brand X / Fish / Jon Anderson / Alan Parsons / Kate Bush), John Beck (It Bites / Alan Parsons Project / Kino), John Mitchell (It Bites / Kino / John Wetton), Gary Chandler (Jadis)

The production, songwriting and presentation of 'Into The Ether' is a significant step up from the first two albums. Thought provoking lyrics, very strong melodies and lush arrangements are all used to great effect, more so than ever before.
